PROFILE

Motivated MCA graduate with a strong foundation in web development, eager to contribute to a forward thinking organization. Seeking an opportunity where I can apply my technical skills and academic knowledge to real world scenarios. Committed to continuous learning, collaboration, and growing as a software professional.

INTERNSHIP EXPERIENCE

Full Stack Developer Intern

June 2024-September 2024

Accolade Tech Solution Pvt. Ltd., Mangalore

- Collaborated on the Agromart project, leveraging JavaScript, React, Node.js, and SQL to deliver scalable features.
- Developed core functionalities including machinery rental, subsidy application workflows, and real time replacements.
- Built responsive and user-friendly interfaces using React, styled with HTML and CSS.
- Designed and implemented RESTful APIs using Node.js and Express.js, ensuring seamless data exchange between front end and back end.

PROJECTS

Library Management System | Python, Tkinter, SQLite | June 2024 - September 2024

- Designed and developed a desktop application to manage books, users, and transactions efficiently.
- Implemented core features including book management, user registration, issue/return tracking, and report generation.
- Utilized SQLite for lightweight, local data storage and Tkinter for building an intuitive graphical user interface.

Freedom From Hunger - Social Initiative

- Contributed to a community-based initiative focused on eliminating hunger through nutritious food access, sustainable agriculture, and economic upliftment.
- Participated in awareness drives, supported local outreach programs, and promoted women empowerment and small-scale farmer development.
- Helped develop educational materials and logistics plans aimed at creating long-term food security and community resilience.
